

FULL-TIME VOLUNTEERS

2013 - 2015

The Full Time volunteer programme is funded by StreetGames targeting young people aged 16 – 25 who aren't in Education, Employment or Training. Delivered through the StreetGames Young Volunteer Programme (SYV) the opportunity provides a full-time placement within a local project. The programme provides young people with a 20 week placement for 25–30 hours a week, focusing on enhancing their employability skills. It takes a holistic approach to develop the young person to support them in becoming job ready and improving their personal development and key skills.
